CHORUS

**24.7.52. I'm gonna spend a lifetime lovin' you
from when the sun comes up – I'll swear that I'll be true
Every single minute of everyday
gonna get down on my knees & pray
that things will never change and I'll always feel this way**

VERSE 1

**You know that I love you – but do you feel the same?
The same as I do – or is this just a game
That you always play just to pass the time away?
Will there ever be a time when I'm gonna hear you say?**

CHORUS

VERSE 2

**When will you love me – will you ever feel this way?
Maybe tomorrow – things will start to change
And you'll realise that my heart is just for you
Can't wait to hear these same words come from you**
